1 Remote control (EUR7721KM0) 1 AC mains lead For use with this unit only. Do not use it with other equipment. 1 RF coaxial cable 2 Batteries for remote control 1 Audio/video cable RQT7751 3 3 Getting started STEP 4 Multi-channel speaker setting 16 STEP 5 Setting up the Network 17 Transferring (dubbing) MPEG4/MPEG2 titles . 54 One Touch Transfer (dubbing) . 55 Transferring (dubbing) using the transferring (dubbing) list . 55 Useful features This DVD Video recorder records high quality images to rapid random access capable HDD (Hard disk drive) and DVD-RAM. This has resulted in many new features that outperform older tape formats. The following information summarizes a few of these features. Instant recording You no longer need to search for empty disc space. By pressing the recording button, the unit finds available recording space and begins recording right away.

There is no need to worry about overwriting already recorded content. Transferring (dubbing)/editing/playing MPEG4 titles While recording programmes to the HDD you can simultaneously record them as MPEG4 titles. By then transferring (dubbing) these MPEG4 titles from the HDD to a SD Memory Card or MultiMediaCard, you can view them on a SD Video Camera etc. You can also transfer (dub) MPEG2 titles recorded on a SD Video Camera etc, to HDD or DVD-RAM. Instant play There is no need to rewind or search forward. Direct Navigator guides you to the beginning of the recorded video immediately.

Getting started HDD recording You can keep on recording your favorite programmes to an internal HDD that is able to record up to 709 hours [EP (8 Hour) mode]. You can also high speed transfer (dub) your favorite programmes to DVD-RAM or DVD-R and create a backup disc. Chasing playback There is no need to wait until recording is complete. Without stopping recording, you can play the video currently being recorded from its beginning.

LAN terminal, SD/PC card slots, DV input terminal This unit is equipped with interfaces that allow networking with digital equipment. The LAN terminal of this unit lets you connect to a computer for easy text input when giving names to video titles. This also allows playback of MPEG4 titles and viewing of JPEG. You can also connect to another network compatible Panasonic DVD recorder for more video playback choice..
